| • University of Mass. Medical Center
S1 342 Faculty Conference Room
55 Lake Ave., Worcester MA 01655 | Tuesday January 31 st | 9AM-Noon |

Join us to:

- Hear how hospital / SNF clusters in your area are working together
- Learn techniques to engage front line staff as active participants in infection prevention
- Work with colleagues to:
 1. develop an approach to communication around transfers between facilities;
 2. discuss best practices in environmental cleaning and disinfection as well as strategies for implementation; and
 3. identify contact precautions and isolation strategies that can work for your facility and residents / patients.

Who Should Attend?

You entire team is welcome to this event. Please try to include staff who are involved in the 3 topic areas described above.

Registration:

There is no fee for this event.

Please register team members individually. The link below will provide 4 workshop date and location options. Choose the one you wish to attend.
